Forecast For East Midlands
Issued by Met Office Exeter
at 0400 on Saturday 12 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry with long spells of strong sunshine. Coastal sea-breeze developing.

Today:
Dry, with some patchy cloud but also long spells of strong sunshine. Generally becoming warm, but feeling cooler along the coast as a sea breeze develops. Maximum temperature 23 deg C (73 deg F).

Tonight:
Mostly sunny this evening and then dry and largely clear overnight with light winds. This may allow some patchy mist and fog to form in rural areas. Minimum temperature 7 deg C (45 deg F).

Sunday:
Although there will be some cloud at times there will also be long bright or sunny spells. Everywhere will feel warmer, especially coastal locations. Maximum temperature 26 deg C (79 deg F).

Outlook for Monday to Wednesday:
Generally warm or very warm, with long sunny spells and light winds, and some warm and humid nights at times. However, Wednesday may be cloudier whilst dry.
